

EUROPEAN LUNG FOUNDATION

ISABEL SARAIVA
ELF Chair

The European Lung Foundation is dedicated to bringing patients and the public together with respiratory professionals to improve respiratory health. This activity includes actively involving patients in healthcare by ensuring the patient voice is incorporated at every level of ERS activities as well as disseminating the highest quality patient resources and communicating and translating the work of ERS to those outside the respiratory field.

- 3 new Patient Advisory Groups in sleep apnoea, COPD and bronchiectasis in children
- New website launched focused on patient priorities for CHILD
- Patients as part of RESPIRE 3 interview panel
- Translation of “your lungs at work” occupational tool into German, Dutch, French and Portuguese

3 new resources produced this year that are now available in 29 languages
