A message from Kjeld Hansen, Chair of the European Lung Foundation:

Dear friends,

I hope that you are keeping well. Our beginning of the year is traditionally busy with meetings and

planning events, so I have already had the opportunity to meet and greet some of you remotely – which I have really enjoyed and learned a lot from.

We had a successful launch of the [Breathe Vision 2030](#). The launch itself was a virtual event hosted by the MEP Lung Health Group, with speakers from the World Health Organization (WHO), European Commission, European patient organisations and ERS. More than 200 people attended the event and the paper was very well received. We are now turning our attention to the possible avenues of implementing the plan in collaboration with plans for the MEP Lung Health Group.

Please do consider applying for a [Healthy Lungs for Life grant](#). We will be reviewing applications after 28 February, so do not forget to apply before then to be included in the next round of applications. We are looking to support online events, which could include: activity challenges,
