

Help us understand the full impact of bronchiectasis

Your voice matters. Help shape the future of bronchiectasis care.

The European Lung Foundation, in collaboration with EMBARC, wants to hear from bronchiectasis patients to explore issues that are often overlooked in research and care. Topics include gut health, menopause, fertility, medications and use of herbal remedies.

Your voice and experiences can help us uncover the untold stories of bronchiectasis.

Take the survey:

- All answers submitted anonymously
- Open to anyone aged 18 or older with a diagnosis of bronchiectasis
- Takes approximately 15 minutes
- **Deadline: 30th October 2025**
