Understanding the new European bronchiectasis guidelines: what care should you expect?

11:00–12:30 CET

Join us for a free webinar exploring the new European guidelines on the management of bronchiectasis.

In this session, experts will discuss the key recommendations of the new European Respiratory Society (ERS) Clinical Practice Guidelines in clear, accessible language and discuss how patients can use them in practice. There will also be an opportunity to ask questions via our Q&A box.

To learn more or to register for this event, visit www.shorturl.at/3ZSr4 or scan the QR code. The conference will be in English with live captions available in over 60 languages.
